

Dear Rob,

Thanks for reaching us. The retainer fee for opening a music publishing company in Moscow is ~4000 USD, this includes:

1. Roadmap preparation.
2. Registration of the Ltd.
3. Registered legal address for 11 months (if needed).
4. Opening a business bank account.
5. Selecting the appropriate and the most profitable tax system. Tax department communications.
6. Contracts and agreements drafts for internal use (employees, directives).
7. Contracts and agreements drafts for the artists.

Even though our lawyer somewhat does speak English, we might require him to work in pair with another lawyer.

If you have any questions, please let me know.

Cheers,
Dmitry
